Dear Graeme

As requested, accompanying this electronic letter are Adobe PDF versions of four (4) palynological reports based on Relinquished palynological slides borrowed from the former department of Natural Resources and Environment. The reports are now five years old and are due for release on Open File in accord with the Standard NRE/DPI Sampling Contract conditions. As the author of the reports I am submitting them to you on behalf of Origin Energy Resources Ltd, the client who commissioned the studies. To assure that all parties are notified, and have documentation of your receipt of this data submission, could you please sign the Acknowledgment below and send separate copies to myself and to Jenny Bauer, Exploration Manager, Offshore Australia, Origin Energy Resources Ltd.

1. Partridge, A.D., 2000a. Palynological analysis of the interval 1010 to 1832 metres in Eric the Red-1, Otway Basin. *Biostrata Report 2000/2*, p.1-20 [BR2000\_02.PDF].
