Subject West Seahorse-3 - Daily Update to 0600hrs, 23 April 2008

Good morning all,

The West Triton rig is now on location at the West Seahorse drill location. Operations since yesterday are as follows:

0000hrs-2400hrs 22 April 2008:

Rig on contract to 3D Oil at 1030hrs 22 April 2008  
Towed rig to West Seahorse location from Speke-1 location.  
At West Seahorse at 1758hrs.  
Jacked rig up to 1.5m airgap and commenced preloading.

0000hrs-0600hrs 23 April 2008:

Continued with preloading operations.

Forward Plan:  
Prepare rig for spud.
