

TAILOR-1

PE906370

Species	2500	3000	3500	4000	4500	5000	5500	6000	6500	7000	7500	8000
CALC. BENTHONICS I												
37. Anomalina roionoides	.											
38. Cibicides vortex	.											
39. C. pseudoungerianus
40. Discorbinella bertheloti	.											
41. Canceris auriculus	.											
42. Cibicides thalara										
43. C. subhaidingeri	.											
44. Gyroidinoides zealandica
45. Anomalina macroglabra
46. Cibicides novozealandica
47. Anomalina aotea	..											
48. Osangularia bengalensis	.											
49. Cibicides lobatulus	.											
50. Anomalina cf. bassensis	.											
51. Ammonia sp. (turreted)												
52. Cibicides victoriensis												
53. Anomalina procolligera												
54. "Planulina" wuellerstorfi												
55. Cibicides karreriformis												
56. Siphonina australis												
57. Epistominella sp.												
58. Melonis barleeanum												
59. Eponides repandus												
60. Laticarinina haplophora												
61. Gyroidina tenera												
CALC. BENTHONICS II												
Not present.												
CALC. BENTHONICS III												
62. Amphistegina lessona												
CALC. BENTHONICS IV												
65. Pullenia bulloides	.											
64. Sphaeroidina bulloides cf.
65. Florilus sp. cf. F. parri	.											
66. Pullenia quinqueloba	.											
67. Cassidulina carinata												
68. Evolvocassidulina sp. aff. E. inflata												
69. Cassidulina subglobosa												
70. Chilostomella ovoidea
