Striatopodocarpidites spp. R																
Tetracolporites multistrius ms		.	.	.	.											
T. palynius				.												
T. textus ms			.													
T. verrucosus					.											
Tetradopollis securus						.										
Tricolpites confessus																
T. gigantis ms																
T. phillipsii		.	.	.	.	.										
T. reticulatus																
T. simatus																
T. thomasi				C												
T. waiparensis						.										
Tricolpites spp. undescribed	.	.	.	.	.	.										
Tricolporites adelaidensis	.															
T. cf adelaidensis [lingicolpate]		.														
T. angurium																
T. circumlumens ms																
T. halis ms				C												
T. leuros				C												
T. lilliei						.										
T. moultonii ms																
T. paenestriatus	.															
T. retequetrus [sensu Stover & Partridge]																
T. scabratus complex	.		.													
T. sphaerica complex	.	.														
Tricolporites spp. undescribed	.	.	.	.	.	.	C									
Triletes tuberculiformis	.	.														
trilete spores indeterminate/undescribed	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.
Trilobosporites tribotrys																
T. trioreticulatus																
Triorites magnificus																
Triporepollenites ambiguus	.	.														
T. crocodilus ms																
T. delicatus																
T. helosus		.														
T. scabratus	.	.														
T. sectilis complex					.	C										
Triporepollenites spp. undescribed	.	.	.	.	.	.										
Trisaccites spp.			.		.				.							
Tsugaepollenites spp.																
Velosporites triquetrus																
Verrucatosporites alienus			.													
V. attinatus ms																
Verrucosisporites kopukuensis complex	.	.	.													
Dictyosporites speciosus		R
