Cyathidites splendens			•	•		•										
Cyclosporites hughesii																
Dacrycarpites australiensis																
Deltoidospora spp.																
Densoisporites velatus																
Dicotetradites clavatus			•	•												
Dictyophyllidites cf arcuatus			•	•												
D. crenatus																
Didectritiletes spp. R																
Dilwynites granulatus		•	•	•												
D. tuberculatus		•														
Drytopollenites semilunatus			•	•												
Elaeocarpaceae-type		•	•													
cf Elphredripites notensis [65y]			•	•												
Ericipites scabratus																
Foraminisporis asymmetricus								•		•						
F. dailyii																
F. wonthaggiensis								•								
Forcipites longus																
F. renmarkensis ms																
F. sabulosus								•								
F. stipulatus																
F. spp. indeterminate								•								
Foveosporites canalis																
Foveotriteles balteus			•													
F. parviretus																
Gambierina edwardsii			•		•											
G. rudata			•	•	•	•										
G. tenuis ms			•													
G. verrucatus ms						•										
Gleicheniidites spp.		•	•	•	•			•		•	•			•	•	
Granodiporites nebulosus																
Haloragacidites harrisii	•	•	•	•												
Herkosporites elliotii		•	•													
Ilexpollenites anguloclavatus complex	•	•	•	•	•											
Integricorpus antipodus ms																
Intratriporopollenites notabilis																
Ischyosporites gremius																
I. irregularis ms		•	•	•	•											
I. punctatus							•									
Jaxtacolpus pieratus ms [12u]	•		•													
Klukisporites scaberis				R				•		•				•		
Kraeuselisporites spp.			•		•											
Kulyisporites waterbolkkii																
Laevigatosporites spp.		•	•	•	•											
Latrobosporites amplus				•	•											
L. crassus	•		•	•	•											
Leptolepidites major									•							
L. verrucatus					•	•	•	•						•		
Liliacidites bainii																
L. lanceolatus																
L. sernatus ms																
L. spp. indeterminate		•	•	•	•											
Lycopodiumsporites spp.		•	•		•	•	•	•	•	•			•	•		
Lygistepollenites balmei			•	•	•	•	•	•	•	•			•	•		
L. florinii	•	•	•	•	•	•	•	•	•	•
