STRATIGRAPHY

See Lake lovie (Comaum) Bore.

Several bores have been called "Comaum" so & where possible alternative names have been used for ease of identification. Only one "Comaum" bore was drilled in Victoria. The other "Comaum" bores were drilled in South Australia. For logs of S. A. bores see "Comaum" bore see Baragwanath W. 1947. p. 581. O'Driscoll EP.D. 1960.

FORMATION TESTS
