TEMPERATURE LOG

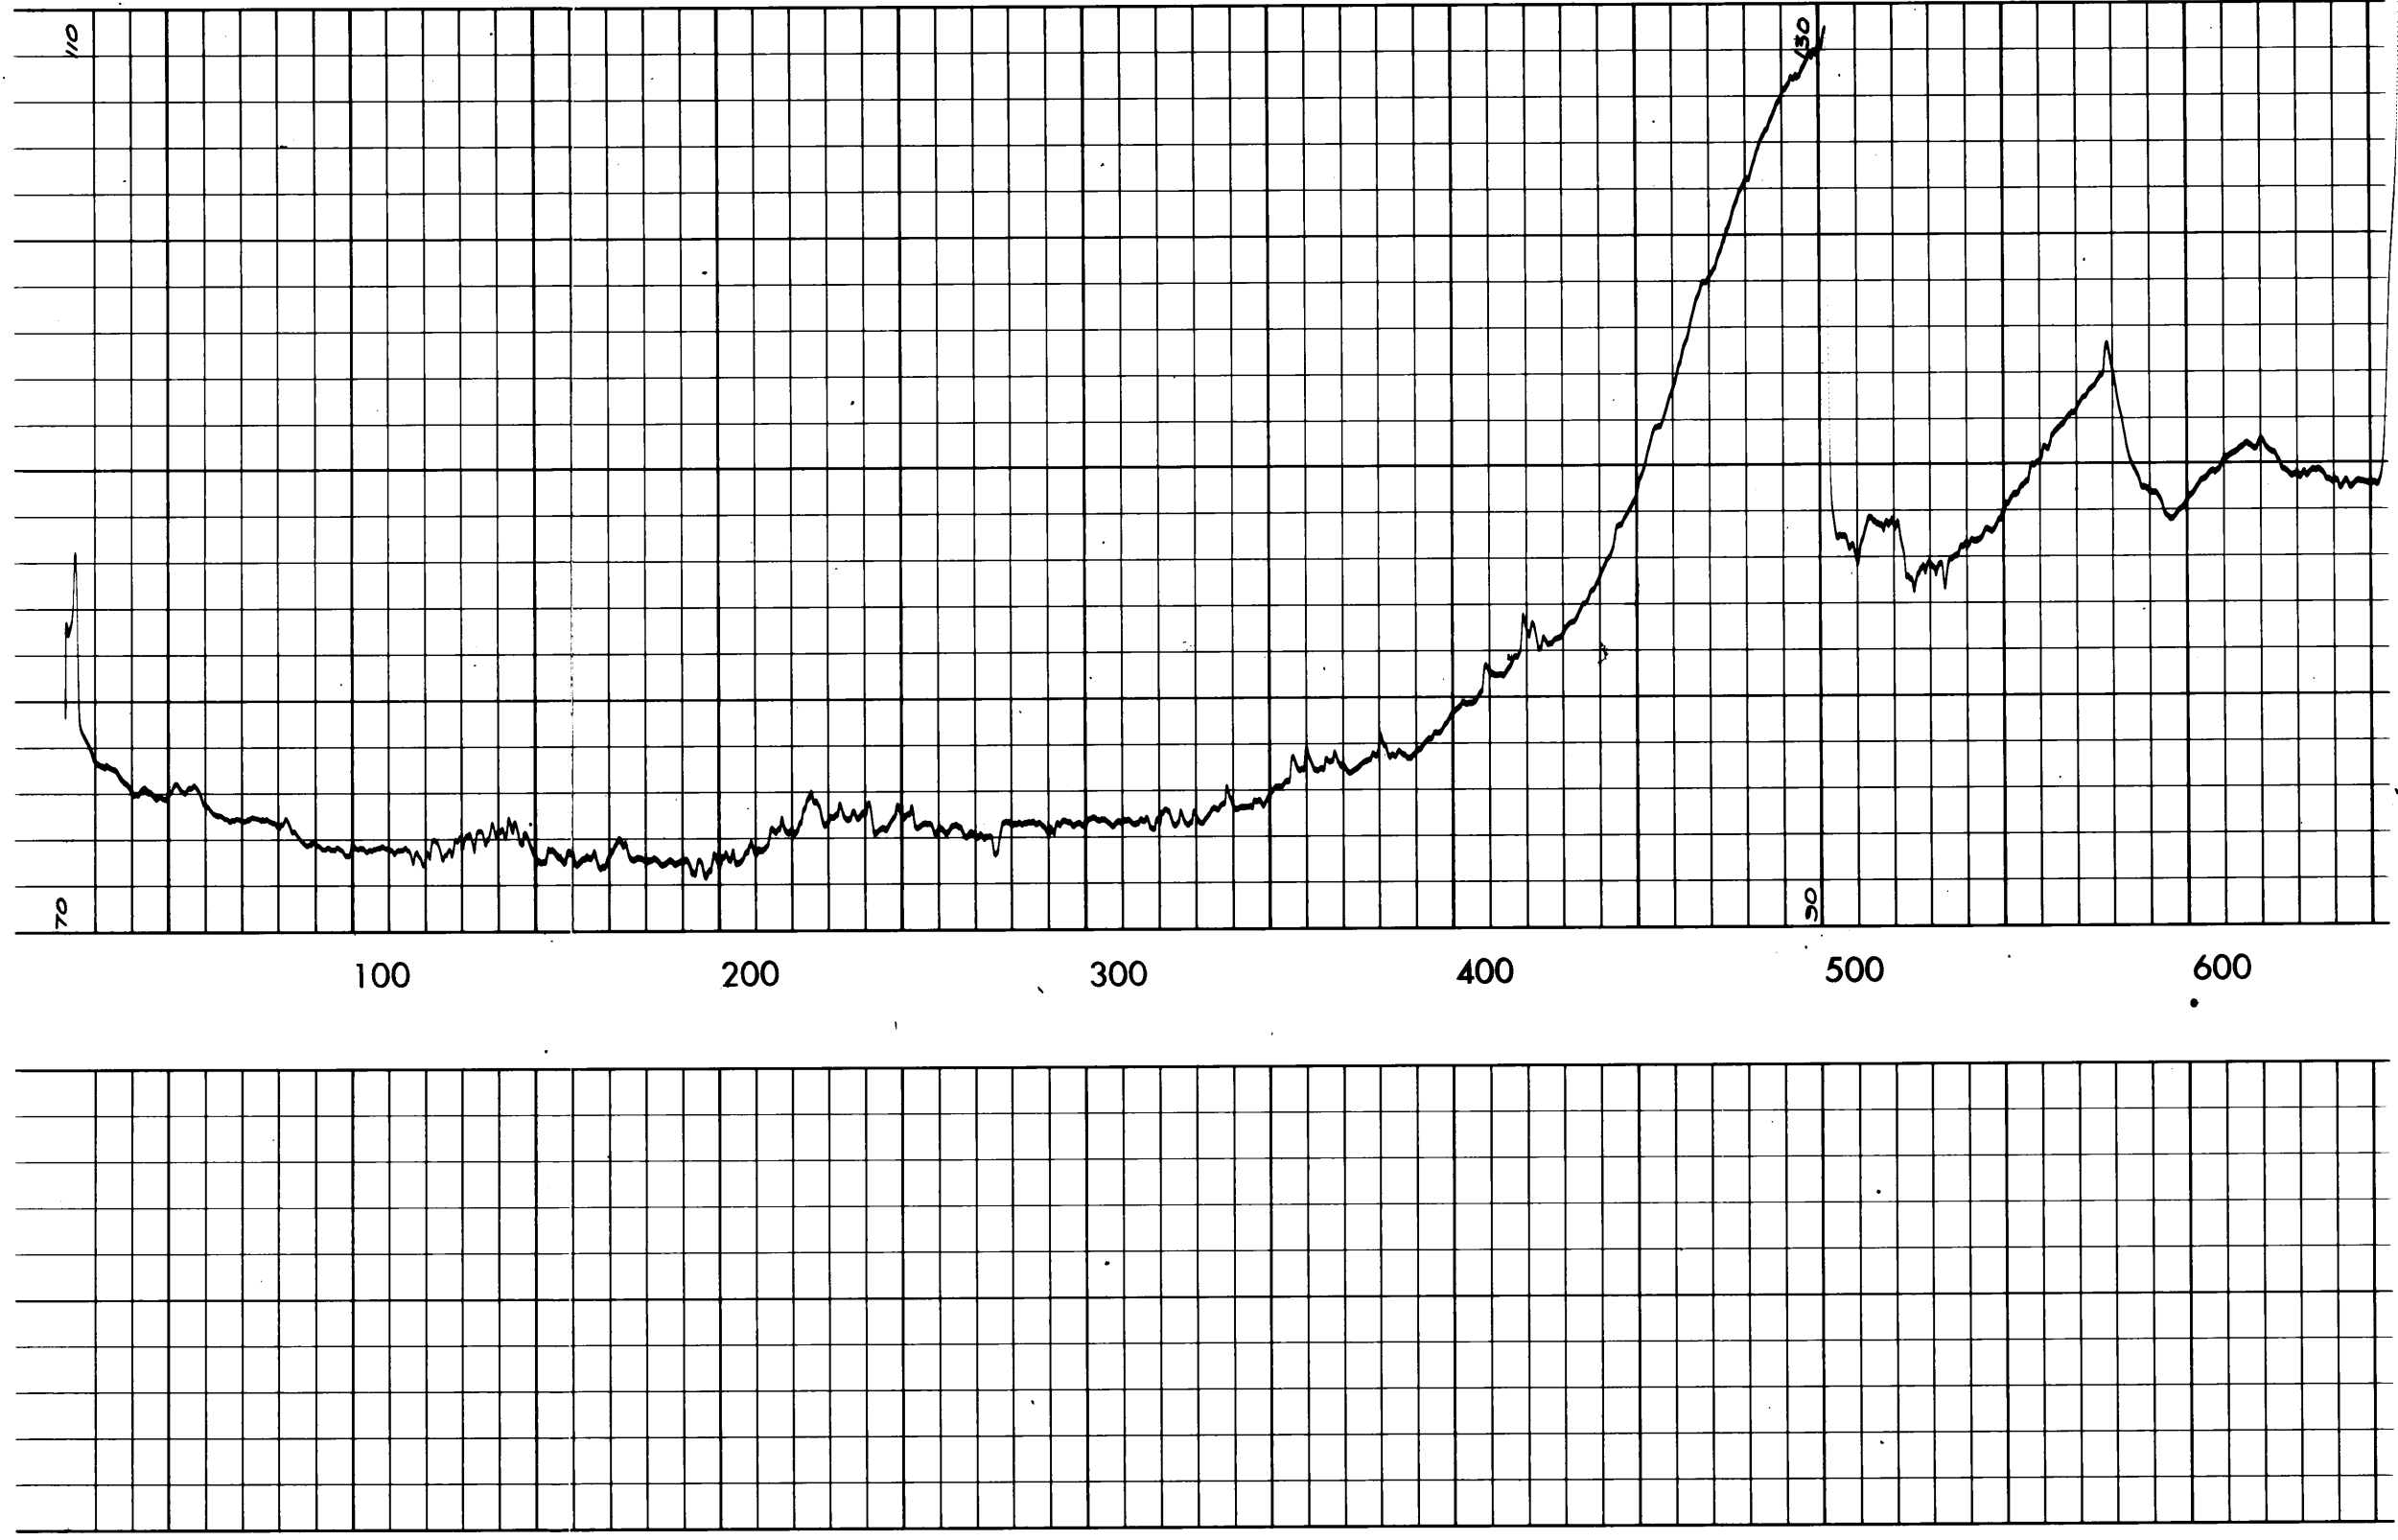

COMPANY ALLAINCE OIL DEVELOPMENT																															
WELL CAROLINE NO.																															
FIELD																															
COUNTY STATE S.A.																															
Location	Other Services:																														
Sec. Twp. Rge.																															
Permanent Datum G.L. Elev.	Elev.: K.B.																														
Log Measured from K.B. Ft. Above Perm. Datum	D.F.																														
Drilling Measured From K.B.	G.L.																														
Date 9-1-53																															
Run No. 1																															
Type Log Temp																															
Depth-Driller																															
Depth-Welex																															
Bottom Logged Interval 53																															
Top Logged Interval 030																															
Type Fluid in Hole Water																															
Salinity, PPM Cl. 2000																															
Density																															
Level																															
Max. rec. temp., deg. F.																															
Operating Rig Time 1 Hr.																															
Recorded By Myers																															
Witnessed by Stewart
