For Medevac Initiation

Decision made by Pacific Titan Captain and onboard Doctor.

Depending on severity 2 methods of evacuation may be used

1. Pacific Titan sails to Portland or Burnie or Lakes Entrance or Eden and evacuates patient ashore via chase vessel or FRC.

2. Helicopter evacuation via AUSSAR or Victoria Air Ambulance then shoreside reception via ISOS or Frontier Topsides Support.

Shoreside assistance triggered by calling ISOS or Frontier and agent

EVACUATION ONSHORE:

If confirmed by the Doctor and Captain as necessary and feasible. **Onboard Doctor will accompany patient ashore until ISOS take over.**

Provide passport

TRANSFER TO HOSPITAL:

In co-ordination with local contacts (see step 2.1), who will assist with all administrative formalities & co ordinate with PC/Capt/VOM
