INDEX TO SECTIONS

Section	1	Introduction, HS&E responsibilities and HS&E policies
	2	General HS&E safe systems of work
	3	Rig safety by work area and equipment
	4	HS&E risk management
	5	Emergency response procedures
	6	Working at heights
	7	Transport procedures
	8	Incident reporting and investigation procedures
	9	HS&E meetings, inspections and audits
	10	Environmental management
	11	Confined spaces entry
	12	Isolation and tag/lockout
	13	Permit to work system
	14	Workplace rehabilitation
	15	HS&E equipment, publications, forms and registers
	16	Well control emergency response
	17	Management of change
	18	Hazardous substances
	19	Safe work practices for electricians
	20	Man riding winches

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 3 OF 22

Section 1 Introduction, HS&E Responsibilities and HS&E Policies

- 1.1 Introduction
- 1.2 HS&E performance goals
- 1.3 Compliance with laws and regulations
- 1.4 Site Manager's HS&E accountabilities
- 1.5 Site Manager/driller HS&E responsibilities
- 1.6 Employee HS&E responsibilities
- 1.7 Hammer unions
- 1.8 Right to work safely policy
- 1.9 Drug and alcohol policy
- 1.10 Transport management policy
- 1.11 Personal protective equipment policy
- 1.12 Smoking in the workplace policy
- 1.13 Workplace rehabilitation policy
- 1.14 Hearing conservation policy
- 1.15 Working at heights policy
- 1.15 Environment management policy
- 1.16 Working hours policy
- 1.17 Hazardous substances and dangerous goods policy
- 1.18 Welding policy

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 4 OF 22

Section 2 General HS&E Safe Systems of Work

- 2.1 Purpose
- 2.2 Visitors to Century sites
- 2.3 Standard Operating Procedures (SOPs)
- 2.4 Firearms, weapons and explosives
- 2.5 Personal conduct
- 2.6 Housekeeping
- 2.7 Camp hygiene
- 2.8 Wearing of jewellery
- 2.9 Hair and beards
- 2.10 Noise
- 2.11 Personal protective equipment (PPE)
- 2.12 Electrical equipment
- 2.13 Fire prevention
- 2.14 Sun exposure
- 2.15 Compressed air
- 2.16 Compressed gas cylinders
- 2.17 Oxygen acetylene equipment
- 2.18 Electric Arc Welding
- 2.19 Hydraulic Systems
- 2.20 Workshop equipment
- 2.21 Grinding Machines
- 2.22 Correct use of tools
- 2.23 Manual handling
- 2.24 Hand safety
- 2.25 Slips, trips and falls
- 2.26 Heat Stress

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 5 OF 22

Section 3 Rig Safety by Work Area and Equipment

- 3.1 Purpose
- 3.2 Slips and Elevators
- 3.3 Cathead
- 3.4 Air Hoist & Hydraulic Winches
- 3.5 Pipe Tongs and Lines
- 3.6 Rotary Table Area
- 3.7 Floors and Walkways
- 3.8 Equipment Guarding
- 3.9 Derricks and Masts
- 3.10 Pipe Racks and Bins
- 3.11 Derrick Escape Line
- 3.12 Drilling Lines, Crown Block and Travelling Block
- 3.13 Drawworks, Brakes, Clutches, Sand Reel and Wireline Unit
- 3.14 Mud Pumps and Equipment
- 3.15 Mud Tanks and Equipment
- 3.16 Relief Valve Discharge on Mud Pumps
- 3.17 Pressure Lines and Fittings
- 3.18 Colour coding for pipeline identification
- 3.19 Engines
- 3.20 Air Operated Equipment
- 3.21 Blowout Prevention (BOP) Equipment
- 3.22 BOP Accumulators, Pulsation and Suction Dampeners
- 3.23 Stabbing Board
- 3.24 Tubulars
- 3.25 Cheater Bars
- 3.26 Use of load binders (dogs)
- 3.27 Cellar

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 6 OF 22

Section 4 HS&E Risk Management

- 4.1 Purpose
- 4.2 Definitions
- 4.3 Risk management strategies
- 4.4 Hazard identification, assessment and elimination
- 4.5 Hazard observation (HAZOB)
- 4.6 Level 1 risk assessments
- 4.7 Job safety analysis (JSA)
- 4.8 Level 2 risk assessments
- 4.9 Completion of corrective action
- 4.10 Risk management training
- 4.11 References

Appendixes:

- 1. Hazard observation (HAZOB) form
- 2. Risk assessment checklist
- 3. Job safety analysis checklist
- 4. Rig Risk Register format

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 7 OF 22

Section 5 **Emergency Response Procedures (Oil and Gas Operations)**

- 5.1 Purpose
- 5.2 Definition of an emergency
- 5.3 Responsibilities – Rig Manager
- 5.4 Responsibilities – Head Cook
- 5.5 Emergency contact numbers
- 5.6 Notification of emergency incidents
- 5.7 Specific emergency response procedures
- 5.8 Emergency response equipment
- 5.9 Personnel location board
- 5.10 Emergency communications
- 5.11 Training and induction
- 5.12 Rehearsals/training drills
- 5.13 Site location plan
- 5.14 Maintenance of written records
- 5.15 Audit of emergency response procedures

Appendixes:

- 1. Emergency Contact Numbers
- 2. Emergency Response Procedure - Rig Fire
- 3. Emergency Response Procedure – Fire other than Rig Fire
- 4. Emergency Response Procedure - Well Control
- 5. Emergency Response Procedure – Injury to Personnel
- 6. Emergency Response Procedure – Environmental Incident
- 7. Aircraft Landing Requirements – Royal Flying Doctor Service (RFDS)
- 8. Emergency Procedure - H₂S (**Issue only for sites that may contain H₂S**)
- 9. Emergency Procedure – Typhoon/Cyclone (**Issued only for areas susceptible to Typhoons/Cyclones**)

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 8 OF 22

Section 6 Working at Heights

- 6.1 Purpose
- 6.2 Training
- 6.3 Height Standard
- 6.4 Physical barriers
- 6.5 Portable ladders
- 6.6 Fall prevention systems
- 6.7 Fall arrest systems
- 6.8 Care of safety harnesses
- 6.9 Protection from falling objects
- 6.10 Risk assessments
- 6.11 Work surfaces, openings and open sides
- 6.12 Stairs
- 6.13 Fixed ladders
- 6.14 Scaffolds
- 6.15 Barricades

Appendix: 1. Register of Safety Harnesses

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 9 OF 22

Section 7 Transport procedures

- 7.1 Purpose
- 7.2 Definitions
- 7.3 Driver responsibilities
- 7.4 Site Manager responsibilities
- 7.5 Driver selection and training
- 7.6 Vehicle requirements
- 7.7 Vehicle safety equipment/accessories
- 7.8 Radio communications
- 7.9 Pre/post vehicle checks
- 7.10 Journey management for remote locations
- 7.11 Search and rescue
- 7.12 Speed limits
- 7.13 Reversing of vehicles
- 7.14 General safe operating procedures
- 7.15 Load security
- 7.16 Passengers
- 7.17 Driving Hours
- 7.18 Driver fatigue
- 7.19 Use of 4 wheel drive (4WD) on unsealed roads
- 7.20 Defensive driving techniques
- 7.21 Safety meetings
- 7.22 Transport of dangerous goods
- 7.23 Operating vehicle winches
- 7.24 Jump starting vehicles
- 7.25 Operating mobile cranes
- 7.26 Operating forklifts/front-end loaders
- 7.27 Air Transport

- Appendixes:**
- 1. Flow Chart – Transport of Dangerous Goods
 - 2. Sample - Journey Management Register

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 10 OF 22

Section 8 Incident Reporting & Investigation Procedures

- 8.1 Purpose
- 8.2 Definition
- 8.3 Policy on reporting of incidents
- 8.4 Classification of incidents
- 8.5 Reporting methods
- 8.6 Investigation of incidents
- 8.7 Distribution of the investigation reports
- 8.8 Completion of corrective action
- 8.9 Training

Appendixes:

- 1. Incident rating guide
- 2. Initial incident report – Form No F2201-Rev 3
- 3. Incident investigation report – Form F2201 – Rev 3
(reverse of the above form)
- 4. Flow chart – reporting & investigation of incidents

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 11 OF 22

Section 9 **HS&E Meetings, Inspections and Audits**

- 9.1 Purpose
- 9.2 Rig HS&E meetings
- 9.3 Corporate HSE & Training Meetings
- 9.4 Aim of HSE & Training inspection/audits
- 9.5 Types of HSE & Training inspection/audits
- 9.6 Responsibilities for HS&E inspection and audits
- 9.7 HS&E inspection and audits schedules
- 9.8 Completion of corrective action
- 9.9 HS&E inspection/audits check-lists
- 9.10 HS&E inspection/audits training

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 12 OF 22

Section 10 Environmental management

- 10.1 Purpose
- 10.2 Waste management plan
- 10.3 Storage of environmentally hazardous substances
- 10.4 Conduct of environmental inspections and audits
- 10.5 Spill contingency
- 10.6 Risk assessments
- 10.7 Checklist of minimum standards
- 10.8 Post site/project review
- 10.9 Incident reporting, investigation & corrective action

Appendixes

- 1. Guidelines for the storage of environmentally hazardous substances
- 2. Environmental post site/project review
- 3. Checklist of minimum standards for compliance

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 13 OF 22

Section 11 Confined Spaces Entry

- 11.1 Purpose
- 11.2 Definition of a confined space
- 11.3 Responsibilities of the site manager/Wellsite permit authority
- 11.4 Responsibilities of the employee entering the confined space
- 11.5 General guidelines
- 11.6 Risk Assessments
- 11.7 Hazard Identification
- 11.8 Risk factors
- 11.9 Control measures
- 11.10 Standby person provision
- 11.11 Standby person qualifications
- 11.12 Standby person duties
- 11.13 Types of confined spaces on rigs
- 11.14 The dangers of confined spaces
- 11.15 Entry requirements
- 11.16 Training in confined spaces

Appendix

- 1. Sample Risk Assessment Form

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 14 OF 22

Section 12 Isolation and Tag/Lockout

- 12.1 Purpose
- 12.2 Responsibilities
- 12.3 Tags and lockout devices
- 12.4 General
- 12.5 Lockout & personal danger tags
- 12.6 Proving mechanical Isolation
- 12.7 Proving electrical isolation
- 12.8 Proving fluid power isolation
- 12.9 Criteria for isolation
- 12.10 General requirements
- 12.11 Procedure for isolation
- 12.12 Procedure for de-isolation (return to service)
- 12.13 Tag/lockout stations
- 12.14 Training and induction

Section 13 Wellsite Permit to Work System

- 13.1 Purpose
- 13.2 Definitions
- 13.3 Responsibilities
- 13.4 Deviation
- 13.5 Objectives
- 13.6 Issuing authority
- 13.7 Operator Representative
- 13.8 Wellsite Permit Authority Qualifications
- 13.9 Operator Representative Qualifications
- 13.10 Wellsite Permit Holder & Wellsite Work Party Qualifications
- 13.11 Categories of Work
- 13.12 Work precautions
- 13.13 Work Conditions
- 13.14 Work Descriptions – Cold Work Permit
- 13.15 Work Descriptions – Excavation
- 13.16 Work Descriptions – Hot Work Permit
- 13.17 Work Descriptions – Pressure Systems Work Permit
- 13.18 Work Descriptions – Electrical Work Permit
- 13.19 Work Descriptions – Explosive/Radioactive Permit
- 13.20 Work Descriptions – Confined Space Entry Work Permit
- 13.21 Work not Requiring a Wellsite Permit to Work
- 13.22 Wellsite Permits to Work – General
- 13.23 Wellsite Permit to Work Duration
- 13.24 Emergency Siren
- 13.25 Wellsite Permit Authorisation Levels
- 13.26 Issuing Permits – Restrictions, Conflicting Work, and Suspensions
- 13.27 Issuing Permits – Step 1 Notification
- 13.28 Issuing Permits – Step 2 Site Inspection and Safety Briefing
- 13.29 Issuing Permits – Step 3 Preparing the Permit
- 13.30 Issuing Permits – Step 4 Monitoring Work
- 13.31 Issuing Permits – Step 5 Clearing the Permit
- 13.32 Special Cases – Mixing of Hot and Cold Work Permits
- 13.33 Special Cases – Uses of Mechanical Earthmoving Machinery
- 13.34 Retention of Permits
- 13.35 Work Precautions – General
- 13.36 Work Precautions – Protective Measures for all Work
- 13.37 Work Precautions – Specific Hot Work Protective Measures
- 13.38 Work Precautions – Specific Pressure System Protective Measures
- 13.39 Work Precautions – Specific Electrical Work Protective Measures
- 13.40 Work Precautions – Specific Explosive/Radioactive Work Protective Measures
- 13.41 Work Precautions – Specific Confined Space Protective Measures
- 13.42 Work Precautions – Motorised Equipment Entry
- 13.43 Work Precautions – Vehicle Entry to a Wellsite
- 13.44 Gas Testing
- 13.45 Gas Testing – Testing for Flammable Gases in a Work Area
- 13.46 Gas Testing – Testing for Toxic Gases in a Work Area
- 13.47 Servicing and Calibration of Gas Testing Instruments

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 16 OF 22

Section 14 Workplace Rehabilitation

- 14.1 Purpose
- 14.2 Policy commitment
- 14.3 Site manager's responsibility
- 14.4 Rehabilitation coordinators responsibilities
- 14.5 Employee responsibilities
- 14.6 The rehabilitation process
- 14.7 Support of injured employees
- 14.8 Employee confidentiality
- 14.9 Training and induction

Appendix

- 1. Workplace Rehabilitation Introduction Letter & Employee Information Release Authority

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 17 OF 22

Section 15 HS&E Equipment, Publications, Forms & Registers

- 15.1 Purpose
- 15.2 Standard rig personal protective equipment
- 15.3 Prescription safety glasses
- 15.4 Standard HS&E equipment
- 15.5 HS&E publications and forms

Appendices

- 1. List of standard HS&E equipment
- 2. List of HS&E sign specifications and locations
- 3. Rig fire extinguishers and locations
- 4. Camp fire extinguishers and locations
- 5. Standard first aid kit
- 6. HS&E publications, forms and registers

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 18 OF 22

Section 16 Well control emergency response (Oil and Gas Operations)

- 16.1 Purpose
- 16.2 Well control policy
- 16.3 Responsibilities
- 16.4 Conflict between Operator and Century Resources
- 16.5 Well control while drilling after casing is set
- 16.6 Shut in procedure for well kicks
- 16.7 Well control procedure for well kicks
- 16.8 Stripping
- 16.9 Lost circulation
- 16.10 Well kill procedures
- 16.11 Competency standards
- 16.12 Blowout prevention drills
- 16.13 Kick drill
- 16.14 Trip drill

Appendixes:

- 1. Well control formulae
- 2. Common abbreviations
- 3. Well kill checklist
- 4. Trip sheet

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 19 OF 22

Section 17 Management of Change

- 17.1 Purpose
- 17.2 Definitions
- 17.3 Initiation of change
- 17.4 Approval of change
- 17.5 Inspection and on-going evaluation of changes
- 17.6 Filing of change request forms

Appendix 1. Change request form

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 20 OF 22

Section 18 Hazardous substances

- 18.1 Purpose
- 18.2 Definitions
- 18.3 Responsibilities for hazardous substances management
- 18.4 Provisions of “material safety data sheets” (MSDS)
- 18.5 Labelling of Hazardous substances
- 18.6 Decanted hazardous substances
- 18.7 Unlabelled containers/unknown hazardous substances
- 18.8 Hazardous substances register
- 18.9 Storage of hazardous substances
- 18.10 “Out of Date” hazardous substances
- 18.11 Training of employees
- 18.12 Risk assessments
- 18.13 Audits

- Appendix**
- 1. Sample – Hazardous substances register
 - 2. Risk Assessment Checklist - Hazardous Substances

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 21 OF 22

Section 19 Safe Work Practices for Electricians

- 19.1 Purpose
- 19.2 Scope
- 19.3 Definitions
 - a. Working live
 - b. Live fault finding
 - c. Working near exposed live conductors
 - d. Safety observers
- 19.4 Specific Responsibilities
 - a) General managers
 - b) Operations Managers/Electrical Manager
 - c) Site managers
 - d) Electricians
 - e) HS&E Advisers
- 19.5 Risk Assessments
- 19.6 Guarding of exposed live conductors
- 19.7 Authorised to complete Electrical Repairs/Maintenance/Installations
- 19.8 Working on “Live” Electrical Equipment, Installations or Systems
- 19.9 Working near exposed live conductors
- 19.10 Live fault finding or testing
- 19.11 Safety observers
- 19.12 Work permits
- 19.13 Personal protective equipment

Appendix: 1. Risk Assessment for Electrical Installations

 Century RESOURCES <small>A DIVISION OF DOWNER EDI LIMITED</small>	Title: SITE HS&E MANUAL - OIL & GAS OPERATIONS	ISSUE: 1 REV: 3
	Dept: HS&E DEPARTMENT	18 MAY 06 PAGE 22 OF 22

Section 20 **Man Riding Winches**

- 20.1 Purpose
- 20.2 Responsibilities
- 20.3 Training and certification
- 20.4 Communication procedures
- 20.5 Specific policy requirements
- 20.6 General safe work practices
- 20.7 Safe work procedure for using the man-riding winch
- 20.8 Maintenance of man-riding winches
- 20.9 Summary
